New2Knox and Move2Knox to Open Brick-and-Mortar in Downtown Knoxville

[Knoxville, Tennessee] –After six years of growth, New2Knox (also owners of the real estate brand, Move2Knox) will be opening a brick-and-mortar on February 4th. The facility will be located in downtown Knoxville at 323 Union Avenue, around the corner from Market Square.

New2Knox aims to build community by connecting people with the businesses and organizations that make Knoxville special. Move2Knox was developed out of New2Knox and aims to help both locals and those new to the area buy, sell, and invest in real estate.

The establishment, a hybrid of offices for both businesses, will be a community space for them to host ticketed events and open houses. The organization plans to be involved in Knoxville's First Friday event, each month selecting an artist who will have the opportunity to feature their work in the facility's front window.

Bailey Rose, one of the founders, said, "This space will offer our team a home base, so we can help people better discover all that downtown Knoxville has to offer. We are excited for it to take on a life of its own! "
